

Louisiana State Documents Depository Program
Monthly Shipping List
May 2007 (173 titles, 336 items)

This month we got several booklets from the LSU Ag Center labeled as *Rep.* indicating they are reprints. We checked them against the latest edition of each title in the State Library collection and found that the new items were somewhat different. The Ag Center confirmed that the new reprints were just reprints, with no textual change from the last edition. All we could figure out is that we must not have gotten those last new or revised editions or else they were not on the shelf. So, we decided to distribute the reprints. If they are duplicates for your collection, you may discard them or give them away. You do not need to offer them to depository libraries because everyone got one in this shipment.

The Oil Spill Coordinator's Office and LSU have compiled a 2007 edition of the Louisiana GIS Digital Map with information from:

State: GOHSEP, LCRT, LDEQ, LDHH, LDNR, LDOA, LDOE, LOSCO, LPSC.

Fed: BTS, Census, EPA, FCC, FEMA, MMS, NGA, NGS, NOAA, NWRC, USACE, USCG, USFWS, USGS.

Universities: LSU, McNeese State, Nicholls State.

They wanted the 2 volume DVD set to go to all Louisiana libraries so we are distributing it to every state depository library. The State Library may also distribute copies to all the public libraries. We distributed the 2000 and 2003 editions, the 2005 supplement, and the Interdisciplinary exploration of the Louisiana GIS CD map teachers' guide. ***If you did not select to receive docs from the Governor's Office, you do not need to keep this DVD but please offer it another library, perhaps to a local middle or high school library or community college.

We got 33 copies of the final report, Louisiana's comprehensive coastal protection master plan for a sustainable coast. OS 210.8p: MP/May 2007. We only distributed 24 but the Coastal Protection Restoration Authority mailed this directly to all main and branch public libraries in parishes south of I-10 vulnerable to surge, public library headquarters in rest of Louisiana, and State Documents Depository libraries. Since this is such an important Louisiana document, we wanted to let you know that we have several extra copies we can send out now. Just contact the Records Office.

Several titles in the May MSList from LSU Ag Center and Dept. of Wildlife & Fisheries are monograph records but some similar ones are serial records. This reflects cataloging rules changes and the decision making of different catalogers over the years. Some of these State Library catalog records may be revised within the next few weeks into monograph records.

When the Records Office distributes magazines/journals of general interest, we count them as a general publication of the agency. They are **not** counted as an agency/departamental newsletter. Examples: *Louisiana Conservationist*, *Watermarks*. This means you will still receive the magazines even if you excluded "departamental newsletters" on your Selection List. Sometimes, it is difficult to distinguish a magazine from a newsletter. Please let us know when you disagree with our decision on a title.

We send agencies the count of how many copies they are to submit. As an example, here is the count for CRT:

Dept. of Culture, Recreation, & Tourism

Staff/employee/departamental newsletters 12 copies

Maps 21 copies

place them in the Manual. Pages in the Manual are numbered with a T/S-# and date," indicating what to replace and where to file the updates.

Notes: 5/2005: The last full edition of the Handbook was 1994. From website: "The new Human Resources Handbook... has been created for the purpose of eventually replacing the State Personnel Manual. We are replacing the Personnel Manual in segments. As new topics are updated they will be added to the Handbook on this [web]site. Since it may be some time before this Handbook is entirely completed, please continue to refer to the old Personnel Manual for information on topics that have not yet been added to the Table of Contents below [on the website]." From Civil Service: The terms Personnel Manual and HR Manual [Handbook] are used interchangeably. The Louisiana State Personnel Manual is being replaced but this will not occur all at once. As portions of the manual are replaced, those sections will be added to the online Human Resources Handbook. At some point, the HR Handbook will completely replace the manual, but for the time being, both are used as a resource to the State's Human Resource Offices.
