<http://ipac.state.lib.la.us/ipac20/ipac.jsp?profile=sll&menu=search#focusfocus>

Asterisk \* indicates title added since 2001 list; 36 titles

#### Mission Statement (2004)

The Core Collection is a list of the most essential and basic state documents necessary to support the information requirements of depository library patrons. All depositories, regardless of depository status, will receive the tangible titles listed and will be expected to provide access to the electronic titles. The depository program retention guidelines and Superseded List apply to core titles. The Recorder of Documents, with the advice of the Louisiana Advisory Council for the State Documents Depository Program, determines the titles included in the Core Collection.

#### Historical criteria for inclusion in core list:

*Public information needs.*

Manageable number of titles.

Title available in necessary quantity.

Title available at no cost.

Format most useful to public needs.

Specify if all or certain editions, other than most current, should also be kept.

List is a training tool for new documents librarians and for reference librarians to learn about Louisiana information sources and primary documents.
