BOOKS AND OTHER LIBRARY MATERIALS

The best help for Louisiana's public libraries in the aftermath of Hurricanes Katrina and Rita is to donate funds. The reasons: Many libraries will have to be rebuilt and will not be ready to receive donations of books for an indefinite period of time. Also, when rebuilt, the affected libraries may purchase new materials selected to meet the specific needs of the people in their communities. Books, new or used, unless specified for a particular library, will be sorted by State Library Staff

according to Dewey Decimal Classification and distributed according to need. Please contact Diane Brown, Deputy State Librarian, Telephone: 225-342-4923, regarding donations of books.
