

SUMMER READING WORKSHOPS

A series of workshops will be held in February 2005 to present ideas for implementing the Summer Reading Program. These workshops are organized and coordinated by Gale K. Criswell, Children and Teen Services Consultant of the State Library of Louisiana with the help of the Summer Reading Committee. Back by popular demand is our workshop presenter—**Jeannine Pasini Beekman**. Jeannine has been a professional storyteller and workshop presenter for over 25 years. Workshop topics with presentations and displays will include: decorations, parties, older kids programs, story planners, fingerplays, songs, games, stories, skits and books—all about oceans and ocean creatures, shells and seashore life, rivers, swamps, ponds, fishing, boats, ships and, of course, pirates.
