

Louisiana State Documents Depository Program

Monthly Shipping List

JANUARY 2003

The Louisiana Sea Grant office has agreed to supply the program with 12 copies of their publications for our complete/historical depository libraries. Sea Grant publications are also submitted to the federal depository system through the Pell Library at the University of Rhode Island. The Pell Library catalogs all Sea Grant documents and digitizes most. The catalog is online <http://nsgd.gso.uri.edu> and documents are loaned at no charge. This system means that all Louisiana depository libraries have access to the Louisiana Sea Grant documents even if tangible/paper copies are not distributed through our program.

Beginning with this issue, the auditor and inspector general reports will no longer list the State Auditor and the Inspector General as an individual author.
