## **Monthly Shipping List**

July 2003

A recent report from the State Library catalog revealed 10 items that did not appear in the 2003 MSL Jan (3), Feb (5) and Mar (2). These will be in the cumulative PD 107 that should be produced in Sept. 2003. We improved our quality control since those early days of the 'new' procedures, particularly now that we know the software does not always extract entries with 852 holdings fields of more than about 4 lines of data. Not that the MSLs are perfect – as you well know! But we are pleased with the progress, especially since well over 50% of the July titles were periodicals already in the catalog.

We want to take this opportunity to thank Elisabeth Spanhoff and Danny Gillane who are providing ideas, inspiration, critiques, quality checks, and many hours of effort on this project to get all Louisiana state documents into a single, public database and produce bibliographies.

Now here's a mess: the Department of Agriculture and Forestry, Division of Chemistry reports on feed tonnage, feed and pet food tonnage, fertilizer tonnage, fertilizer samples, fertilizer analysis, pesticide samples, and official feed samples. The reports changed names, were combined, split apart, etc. over the years. A State Library Tech Services staff person spent two long weeks sorting all of this out. There are 11 records in the SLOL catalog for these titles. Each has the appropriate (sometimes new) LaDoc number. If you want to straighten out your collection, you can tract the title histories through these catalog records. The records show these titles and LaDoc numbers:

A 550.1: date Analysis of official pesticide samples; Analysis of official feed samples: annual report; Feed and pet food tonnage and analysis of official samples (semiannual and annual); Louisiana fertilizer report.

A 550.1/2: date Analysis of official fertilizer samples; Official fertilizer analysis report; Annual fertilizer analysis report; Annual report: analysis of official fertilizer samples; Analysis of official fertilizer samples.

A 550.1/2: To/date Annual fertilizer tonnage and analysis report; Annual fertilizer tonnage report; Tonnage of fertilizer sold in Louisiana, by grades; Annual report: tonnage of fertilizer sold in Louisiana, by grades; Tonnage of fertilizer sold in Louisiana, by grades, by parishes; Tonnage of fertilizer sold in Louisiana.

A 550.1/2: ToG/date Annual fertilizer grades, by parish; Tonnage of fertilizer sold in Louisiana, by grades; Report of fertilizer sold in Louisiana, by grades.

A 550.1/2: ToP/date Tonnage of fertilizer sold in Louisiana, by parish and grades; Report of fertilizer sold in each parish, by grades; Tonnage report of fertilizer sold in each parish, by grades; Tonnage of fertilizer sold in each parish, by grades.

A 550.1/3: date Feed tonnage & analysis report.

component of the [LSU Office of Research and Graduate Studies](#). LSU's former Basin Research Institute is now the [Basin Research Energy Section](#) of the LGS.

The last *Executive Order* in the LSDD Program was no. MJF 02-06, March 27, 2002, in April 2002 MSL. *Executive Orders*, from the Office of State Register, are available online 1996 forward at <http://www.state.la.us/osr/other/exord.htm>. Because they are published in the *Louisiana Register*, we have discontinued listing these as separate documents. You can sign up for automatic electronic notification of new publications of many state documents from the Office of Information Technology <http://www.state.la.us/ldbc/start.htm>.

Dept. of Natural Resources. Office of Mineral Resources lease/sale documents. The LaDoc numbering system has created a problem in shelving these monthly and massive publications. The State Library binds these chronologically arranged in this practical order within each month:

Notice of Publication, Important Notices, State Acreage Returned, Portion Descriptions, Lease Sale and Tract History.

This is probably how you have been filing them – or trying to, despite the existing LaDoc numbering. I propose this following revision of the LaDoc numbering:

CoM 1.7: date *Notice of Publications/Important Notices/State Acreage Returned/Portion Descriptions/Lease Sale & Tract History* so all are filed together chronologically (8/2003). [monthly]

8/12/03 If you want an individual LaDoc no. for each title within a date, you can choose to use:

CoM 1.7: date/c for /Important Notices

CoM1.7: date/1 for State Acreage Returned

CoM 1.7: date/2 for Portion Descriptions

CoM1.7: date/3 for Lease Sale and Tract History

[CoM 1.7c: Important Notices] Discontinued 8/2003; See CoM 1.7: date

[CoM 1.7/1: State Acreage Returned] Discontinued 8/2003;

See CoM 1.7: date

[CoM 1.7/2 Portion Descriptions (State Leases)] Discontinued

8/2003; See CoM 1.7: date

[CoM 1.7/3 Lease Sale and Tract History] Discontinued 8/2003;

Nicholls State University Sigma Tau Delta Fraternity *Mosaic* numbering history, etc.  
- *Pencil Tracks* (we got v. 1, no. 1 1949 – v. 5, no. 1 1953) was before LaDoc numbers existed.

- *Mosaic* began 1966- with EL 200.7/1 assigned for 1966(OP V); this LaDoc no. was then used for Nicholls *Inside*: Faculty and staff newsletter which is still being published in 2003 so we will continue to use this no. for *Inside*.

- *Mosaic* assigned EL 1.2: Mo/date for 8/31/98 issue. This is an LSU LaDoc number so has to have been an error.

- *Mosaic* assigned EL 200.2: Mo/date for one volume dated 1979-1999 in PD 102 and again in MSL June 2003.

SINCE EL 200.2: Mo/date IS THE ONLY LA DOC NO. OF THE 3 NOT USED FOR SOMETHING ELSE, I CHOOSE TO USE IT FOR *MOSAIC* FROM NOW ON. THE WINNER IS.... EL 200.2: Mo/date. [as always, you can include the volume and issue number as part of the date, if there are some]
