## **2021 Adult Summer Reading Program**

# **Tails & TALES**

The TBBL 2021 Adult Summer Reading Program will start May 1, 2021, and will run through August 31. The theme this year is “Tails & Tales.”

If you complete the program by reading 20 books, you will be entered into a drawing to win a set of headphones. To sign up, simply contact your reader advisor and start reading! If you would

like, we will mail you a reading log to keep track of the books you have read. Once you have read 20 books, call your reader adviser to let them know, and your name will be entered into the drawing for a set of headphones that will work with your NLS Digital Book Reader. If you have a reading log, you can return it to us by mail or call to give us the list over the phone. Audio books, Braille, large print books and audio magazines all count. If you need any reading suggestions please ask us; we are happy to help! One entry per person. We will choose 30 lucky winners from the list of those who have read at least 20 books. Headphones are provided by the Jones Foundation.

## **New iPhone feature detects nearby people**

Patrons who use iOS devices may benefit from a recent update to the built-in Magnifier app, which uses audible or haptic feedback to inform users of nearby people. The new People Detection feature also measures how far away people are, allowing users to maintain social distance—or simply to navigate crowded surroundings. It works on the iPhone 12 Pro, iPhone 12 Pro Max, 12.9 inch iPad Pro (4th generation), and 11 inch iPad Pro (2nd generation) when running iOS 14.2 or later. For more information visit <https://support.apple.com/guide/iphone/people-detection-iph41bdfe6c7/ios>.

The recently released NLS guide to GPS and Wayfinding Apps, available at [www.loc.gov/nls/resources/general-resources-on-disabilities/gps-and-wayfinding-apps](http://www.loc.gov/nls/resources/general-resources-on-disabilities/gps-and-wayfinding-apps), offers other software suggestions for navigating your

---

environment. Braille or large-print copies can be requested from your cooperating network library.

### New audio description app launched

Charter Communications recently released Spectrum Access, a free iOS app that enables customers to play audio descriptions directly from their phone or tablet. The app uses the device's microphone to identify where the user is in a movie or TV show and then plays the corresponding file in parallel. It is currently compatible with more than 400 movies and shows. For more information visit <https://apps.apple.com/us/app/spectrum-access-enabled-media/id1492182876>.

### New version of BARD Mobile for iOS

NLS is releasing a new version of BARD Mobile iOS that will support iOS 11 through iOS 14. Version 1.4 also includes two configurable audio settings: automatic start playback and automatic five-second rewind.

**Automatic start playback** allows users to launch playback of titles without having to manually select the play button. Downloaded titles will immediately play when selected from the Bookshelf, Get Books, or Recently Read.

**Automatic five-second rewind** will rewind content from where the user last left off when restarting titles from the Bookshelf or Recently Read lists. Content paused and restarted from the Now Reading screen, however, will resume where the user left off and will not automatically rewind.

BARD Mobile iOS users can identify the version running on their devices by checking Settings (the version number is in the bottom left corner). Users who have enabled App Updates for the App Store in their phone Settings will get Version 1.4 seamlessly, while others will need to manually update BARD Mobile iOS through the App Store.

For more information on these features, bug fixes, and more, consult the BARD Mobile iOS Release Notes in the Version History on the App Store, <https://apps.apple.com/us/app/bard-mobile/id705229586> or the iOS user manual <https://nlsbard.loc.gov/apidocs/BARDMobile.userguide.iOS.1.4.html>

### **NLS Celebrates 90<sup>th</sup> Anniversary**

Jazz pianist Matthew Whitaker performed a virtual concert on March 3, 2021 kicking off a yearlong commemoration of NLS's 90th anniversary. Whitaker, who has been blind since birth, is a recipient of the ASCAP Foundation Herb Alpert Young Jazz Composer Award for 2020 and an NLS patron - who has used the Music Section's accessible scores and Braille reading materials throughout his award-winning music career. Whitaker's performance was broadcast online and followed up by a live-streamed interview conducted by NLS Director Karen Keninger. The event is available on the NLS Library Youtube page at [www.youtube.com/libraryofcongress](https://www.youtube.com/libraryofcongress), and will remain available on that platform for two years.

The concert is the first of many upcoming programs planned in 2021, celebrating the services provided by NLS since passage of the Pratt-Smoot Act on March 3, 1931. This event highlights the NLS Music Section's work in providing patrons with direct access to the largest collection of braille, audio and large print music materials in the world. For more information about the concert and other upcoming programs celebrating the 90<sup>th</sup> anniversary of the National Library Service, follow NLS on Facebook at [www.facebook.com/ThatAllMayRead/](https://www.facebook.com/ThatAllMayRead/) or check out the Library of Congress Events page at [www.loc.gov/events](https://www.loc.gov/events) or the NLS Music Notes blog at <https://blogs.loc.gov/nls-music-notes>.

## **Books and Beyond** **A Section for Children and Teens**

### **Summer Reading Program 2021**

“Tails and Tales” is the 2021 Summer Reading Program slogan and the theme is all about animals. TBBL will offer four youth programs: Children’s, Teen’s, Teen’s STEM, and Read-To-Me. Invitations will be mailed out April 20, and the program begins May 1, 2021. A gracious thank you to the Jones Foundation for providing this year’s Summer Reading Program prizes!

### **From Crib to Crayons**

The TBBL Early Literacy Program *From Crib to Crayons* will start its fourth year on June 1, 2021. Designed for children ages 0-6, six literacy packets will be sent throughout the year to children and their parents. Each bi-monthly kit will be themed to focus on one of six early literacy skills: print awareness, phonological awareness, print/play motivation, letter knowledge, narrative skills, and vocabulary. Invitations will be mailed out May 15, 2021. For more information, contact the Children’s and Teen Services Librarian, Charlene Moore at 225.342.9563, [tblkids@slol.lib.la.us](mailto:tblkids@slol.lib.la.us). This program is made possible through the generous support of the Jones

foundation. Brailling services provided this year through the Louisiana Accessible Educational Materials Center for the Blind and Visually Impaired.

### **New Dates for BELL Academy**

The National Federation of the Blind is offering three virtual programs of the NFB BELL Academy this summer to prepare blind and low-vision children to grow into confident and independent blind people by enhancing their education. Options are available for beginner, intermediate, and advanced students for the following dates: June 7-18, July 19-30, and August 9-20, 2021. NFB BELL Academy, an annual summer program, is for blind and low-vision children, ages 4-12, who do not receive enough Braille and nonvisual skills instruction in school. Students must apply through the website at [www.nfb.org/programs-services/nfb-bell-academy](http://www.nfb.org/programs-services/nfb-bell-academy). To learn more about the NFB of Louisiana BELL Academy, contact the Louisiana BELL Academy Coordinator Krystal Guillory by email at [kguillory@louisianacenter.org](mailto:kguillory@louisianacenter.org) or call 318.245.8955.

### **LEGO® Braille Bricks are here**

LEGO® Braille Bricks toolkits from the LEGO® Foundation and the American Printing House for the Blind are now available through the Louisiana Accessible Educational Materials Center (La-AEM). The bricks are

*continued on next page*

designed to teach Braille to children who are blind or have a visual impairment. Each brick retains the iconic LEGO® form, but unlike a regular LEGO® brick, the studs are arranged to correspond to numbers and letters in the Braille alphabet. Each brick shows the printed version of the number or letter, allowing both blind and sighted to learn and play together while teaching Braille in an enjoyable tactile way. The toolkits are free of charge to select institutions, schools and services catering to the education of blind and visually impaired children. Families are also eligible. Every toolkit contains 300 bricks in the five basic LEGO® colors, three base plates, and a brick separator. The box cover shows a helpful overview of the alphabet, numbers, and symbols.

For ordering information, please contact LA-AEM coordinator Robin King. Email [robin@sssla-aem.org](mailto:robin@sssla-aem.org), or phone 225.757.3477.

### **Angola Prison Braille Transcription Program**

LA-AEM (Louisiana-Accessible Educational Materials) and the Louisiana Department of Corrections collaborated in 2020 to create a Braille transcription training program.

Currently, 25 offenders at Angola are working on earning UEB Certification offered through the National Federation for the Blind (NFB) and the Library of Congress. It takes two years to complete certification. The program's goal is to build the state's capacity to provide high-quality Braille materials for students in Louisiana. TBL's young patrons benefit from these transcription services during the Summer Reading and Early Literacy Programs. For more information, visit their blog at [www.ssla-aem.org/louisiana-braille-prison-program](http://www.ssla-aem.org/louisiana-braille-prison-program).
