Adult Summer Reading Program
Spark a Reaction is the theme for this year's Adult Summer Reading Program. The first 50 readers who complete the program will receive a free electronics case that can hold a cell phone, PDA, MP3 player, etc. The program starts Thursday, May 1, and ends on Friday, August 29.

If you are interested in participating, contact your reader advisor at 1.800.543.4702. When you call to sign up, we will mail you a reading log. After reading 20 books, return the completed reading log to us by mail or call to tell us the list. Audio, Braille, large print and magazines count. If you are one of the first 50 readers to complete the program, you will get the free prize!

A Few Reminders:

Include your name and address when returning the order form for books.

If you leave a message on the answering machine, leave your name (spelling out the last name) and phone number so that we will know which account is yours and we can call you back if necessary.

When you start your spring cleaning, please be on the lookout for any overdue books. If you haven't had a chance to listen to them yet, please let us know so we can renew them, or you may send them back. Thank you!

Holiday Closings

April 18 – Good Friday

May 26 – Memorial Day

July 4 – Independence Day

Have you gone digital?

As of January 2015 we will no longer loan cassettes — they are in the process of being phased out. If you do not already have a digital player, please call us at 800.543.4702 or write and we will send one to you. They are very easy to use, and each book fits on one cartridge instead of several tapes.

Accessible movies for everyone

Did you know that many movie theaters offer descriptive video headsets for visually impaired guests? Viewers wearing the headsets can hear a narration of the events, actions and scene changes throughout the movie. Some theaters also offer an assistive listening device for those with a hearing impairment. The device clarifies and intensifies the movie's audio. Call your local theater and ask if these options are available in your area.

Joining in

Did you know that there are a variety of organizations for those who are blind? These vary from local to national groups, and several of them hold conferences so you can meet other members and take part in lectures and workshops. They also advocate for blind individuals and offer valuable information on

a variety of resources. Below is the contact information for a few of these organizations in Louisiana:

Digital talking book cartridge cable

This cable allows you to copy a book from BARD onto your blank cartridge. Your cartridge plugs into one side of the cable, and there is a standard USB plug on the other end to plug into your computer. You must be a registered BARD user and purchase your own cartridge to borrow a cable. You can find a

list of cartridge vendors: <http://www.state.lib.la.us/special-services/talking-books/nls-type-digital-cartridge>

Thou shalt return thy Bible

Please check to see if you have one of the library copies of the Bible (DB 68777). We used to have fifty copies but most of them are missing or very overdue. If you would like an audio copy of the King James Version (KJV) Bible to keep, they are available through Aurora Ministries for a donation of \$15 at 941.748.3031 or <http://audiobiblesfortheblind.org/>. Or your reader advisor can request a free KJV or New Living Translation Bible on cartridge from Braille Bible International or the Assemblies of God Church.

Windows Eyes for Office free download

Are you running a licensed version of Office 2010 or later on your computer? If so you may want to take advantage of the free Windows Eyes for Office screen reader download offered by GW Micro and Microsoft. You may download it at www.windoweyesforoffice.com. If you don't have an Internet connection and would like a physical copy, you may purchase one from GW Micro at 260.489.3671.

Free software

Kurzweil 3000 is an integrated scan and read software program that provides access to reading material with optical character recognition. With Kurzweil 3000 and its cloud-based partner, Firefly, you can upload text-based documents like Microsoft Word or PDF files and have the software read and or enlarge the text. Translation and dictionary features are also available and it works with the Firefox Internet browser.

This software is available for free if you live in East Baton Rouge or Pointe Coupee Parish. If you live in one of these parishes, contact your local library to get a license number to use this helpful software. If you are in another parish in Louisiana, call your local public library and ask about the JAWS workstation. The State Library placed one in every parish.
